About H&H Classics

www.HandH.co.uk

Founded by Simon Hope and Mark Hamilton in 1993 H&H Classics has been continuously trading longer than any other UK or European auction house. In fact, you could say that we've reached classic status ourselves.

We believe that our expertise is unrivalled in the market for classic and collector motorcars and motorcycles, we also believe that our auctions speak louder than words so here are some highlights from over 30 years under the hammer.

We became one of only five auction houses ever to sell a car for over \$11 million when we sold a 1960 Ferrari 250 GT SWB in 2015 and we've sold almost £2m of motorcycles in a single day at our motorcycle auctions. We've achieved world record prices for competition cars including a 1968 Lotus 49B and a 1996 Subaru Impreza WRC and we've had Royal success stories with The Queen's Daimler, Prince Philip's Lagonda and Princess Anne's Bentley.

We also know that the value of a collectable isn't just reflected in the sale price or a celebrity's name. An Austin or a BSA can provoke a passion as strong as an Aston Martin or Brough Superior, so that's why we operate at every level of the classic & collector car and motorcycle market.

In October 2021, H&H became an EOT (Employee Ownership Trust). This development means that H&H Classics, after 28 years, is now completely employee owned and on the next stage of its continued development as a business. The model of EOT is similar to that of Richer Sound, a 'passion' business like H&H, where it has proved to be extremely successful.

By speaking to one of our specialists, you are dealing with one of the owners of the business and can be assured of the ultimate level of commitment and service. You'll soon discover that we share your passion and buying or selling with H&H Classics will be an easy and enjoyable experience.

H&H Classic Auctions

Our live Classic Auction events are exciting multi-sensory experiences held throughout the year at stunning locations including the Imperial War Museum, Duxford, The National Motorcycle Museum and The Pavilion Gardens, Buxton. At a Classic Auction you'll be able to see, feel, and even smell a whole host of classic cars and motorcycles before enjoying the buzz of bidding.

As a buyer you'll have access to our in-house experts who can provide on-site advice, go through documentation and guide you through the process of bidding on your dream classic. As a seller you have the reassuring support of H&H throughout the valuation, consignment and after-sales process.

The Fast Road Sale

A brand new auction series of iconic performance cars.

Think everything from a Shelby Cobra laying down thick rubber lines through to a Volkswagen Golf GTi cornering hard enough to cock its inside rear wheel! If it is the sort of 'motor' that a professional wheelman would helm – imagine a camera zooming in on a pair of Raybans, driving gloves and needles dancing their way around rev counters and speedometers – then H&H want to hear from you.

The Fast Road Sale features a cross section of iconic fast road vehicles such as Fast Fords, Audi Quattro, Mitsubishi Lancer Evolution, Subaru Impreza, Porsche Turbo's and Lotus Esprit JPS etc. For anyone who loves speed and the G-forces that take hold with a little right foot action, a must attend event for all performance car enthusiasts!

To consign your performance car into the auction please call us on 01925 210035 or email sales@HandH.co.uk.

H&H Online Auctions

H&H Online Auctions are conducted to the same exacting standards as our physical ones. Typically closing on the second Wednesday of each month, they contain a wonderfully diverse range of classic and collector cars and motorcycles for people to bid on from the comfort of their homes – or indeed anywhere they have access to a smartphone, tablet or computer.

H&H are on hand to guide clients through every stage of the Online Auction process. For sellers that means we will value your vehicle, inspect documentation, perform an HPI check and write a description to tempt potential bidders. You can supply your own high resolution images, or we can send someone to photograph the vehicle professionally. We will field any questions from interested parties during the listing window and arrange inspections if needs be (at the seller's convenience and subject to vetting protocols). We handle the entire payment process rather than just taking a small deposit and can help process registration documents and arrange transport etc.

Bidders at our Online Auctions can ask as many questions as they want and / or go to see the vehicle(s) they are interested in. As well as HPI checking every car or motorcycle we offer (if possible), H&H ensure that sellers are never in possession of a vehicle and payment for it at the same time – a safeguard which few competitors offer. Buyers can also ask for assistance with transport and paperwork processing.

Fees are a modest 5% + VAT for cars or motorcycles plus professional photography costs (if applicable). H&H raises the bar for Online Auctions, delivering a quality service backed by thirty years of experience. Whether you are looking to buy or sell speak to one of our specialists to discover how easy and enjoyable taking part in an H&H Online Auction can be.
